

Unit 1	Unit 2	Unit 3	Unit 4	Unit 5	Unit 6
<b>Add and Subtract Within 20</b>	<b>Place Value to 1,000</b>	<b>Add and Subtract Two-Digit Numbers</b>	<b>Add and Subtract 3-Digit Numbers</b>	<b>Concepts of Multiplication and Division</b>	<b>Measurement and Data</b>
Trimester 1	Trimester 1	Trimester 1/2	Trimester 2	Trimester 2	
I can solve addition and subtraction within 100 to solve word problems	I can identify the digit in the hundreds, tens, and ones place	I can fluently add and subtract within 100 using strategies I have learned.	I can add and subtract within 100.	I can apply the properties of operations to add and subtract.	I can measure the length of an object.
I can fluently add and subtract with 20	I can count within 1000. I can skip-count by 2s, 5s, 10s, and 100s.	I can add up to four two-digit numbers using strategies I have learned.	I can mentally add and subtract 10 or 100 from a number.	I understand that subtraction is finding an unknown addend.	I can measure the length of an object twice using different units.
	I can read and write numbers to 1000 using numerals, number names, and expanded form.		I can explain why addition and subtraction strategies work.		I can estimate the lengths using units of inches, feet, centimeters, and meters.
	I can compare three digit numbers using $<$ , $>$ , $=$ symbols				I can measure to compare lengths of objects.
					I can add and subtract within 100 to solve word problems involving lengths.
					I can represent whole numbers as lengths on a number line.
					I can generate measurement data on a line plot.
<b>Major Clusters</b> Areas of intensive focus, where students need fluent understanding and application of the core concepts  Ratio and Proportional Reasoning (1, 2, 3) The Number System (1, 2, 3) Expressions and Equations (1, 2, 3, 4)	<b>Supporting Clusters</b> Rethinking and linking- areas where some material is being covered, but in a way that applies core understandings  Statistics and Probability (1, 2, 5, 6, 7, 8)	<b>Additional Clusters</b> Students will gain exposure to these topics, but not at the same depth as a major or supporting cluster  Geometry (1, 2, 3, 4, 5, 6) Statistics and Probability (3, 4)			I can draw a picture graph and a bar graph.
					<b>SECOND GRADE</b>

Unit 7	Unit 8	Unit 9
<b>Money</b>	<b>Time</b>	<b>Shape Attributes and Fractions</b>
Trimester 1	Trimester 1	Trimester 1/2
I can solve word problems involving money.	I can tell and write time from analog and digital clocks to the nearest 5 minutes.	I can recognize and draw shapes. I can identify angles and faces of a shape.
		I can partition a rectangle into rows and columns.
		I can partition circles and rectangles into two, three, or four equal parts.
